Drowning Prevention
Campaign**

**Swim Test Times:
1000 & 1400
for 17 years
and under.**

Navy Youth Swim Test

No wristband: Children who cannot demonstrate the necessary skills to pass the Navy Youth Swim Test or choose not to participate in the test are classified as non-swimmers.

Non-swimmers must stay in water that's armpit deep (*feet on bottom of pool*) and **require active adult supervision.**

Non-swimmers who do not meet the "armpit depth" guideline are encouraged to wear a U.S. Coast Guard-approved personal flotation device and require active adult supervision.

Active supervision means the adult must be in the water within arm's reach of the child at all times (*one adult per two children ratio*).

Wristband eligibility: Children who have demonstrated the necessary skills to have FULL access to the Aquatics facility, including slides and diving boards, are classified as swimmers.

To receive a wristband, a swimmer must demonstrate the following minimum standards:

- ① **Swim one pool length (minimum of 25 yards) unassisted and without rest. Swimmers must use a recognizable swim stroke for the entire distance.**
- ② **Tread water for a minimum of 60 seconds.**
- ③ **Jump into the deep end of the pool and return to the surface.**
- ④ **Exit the pool unassisted.**

**** Swim tests are offered daily by lifeguards at times determined by the local Aquatics program.**

**** Swimmers are allowed to test only once per day.**

**** The swim test is valid for ONE year. All swimmers must be reassessed every year. Lifeguards may require additional testing for swimmers, if and when needed. The lifeguard has the authority to request reassessment of any child at any time.**

**** All swimmers who pass the deep water swim test will be awarded a Navy Youth Swim License. All swimmers must show their license upon entering the Aquatics facility and will receive a wristband to have full access to the deep end, slides and diving boards. Additional testing may be required for lap swimming.**
